COMMUNITY SURVEY (Part 2) - FAIR Phytoliths: Increasing the FAIRness of phytolith data

Part 2 will take around 5 minutes and we will ask you to identify yourself through, at least, your main email address. All your answers will be saved within the Universitat Pompeu Fabra system and therefore your data are protected according to the GDPR (https://gdpr-info.eu/). If for any reason you want us to delete your data after you have completed Part 2 you may request us to do so by writing to open.phytoliths@gmail.com.

In order to grow, this project needs the involvement of the phytolith community. There are several levels to which you can get involved, from providing datasets for analyses, up to becoming part of the main team. This obviously requires different levels of commitment and a willingness to learn new skills.

GDPR statement. Data controller: Universitat Pompeu Fabra. Pl. de la Mercè, 10-12. 08002 Barcelona. Tel. +34935422000. You can contact UPF's Data Protection Officer by sending an email to dpd@upf.edu. Purposes of the processing: carrying out the above-mentioned research project. Personal data will be kept during the execution of the project and five more years after its finalisation for its scientific validation.Legal basis: data owner's consent. You can withdraw your consent at any time.Recipients: your personal data will be processed by Universitat Pompeu Fabra (Spain) and the Alan Turing Institute (UK).Rights: access, rectification, or erasure of your personal data, as well as data portability and the restriction or objection to the processing of your personal data. Rights may be exercised by contacting UPF's General Manager (gerencia@upf.edu). You have the right to lodge a complaint with the Catalan Data Protection Authority if you think we have not properly managed your rights.

I understand and I accept ☐

What kind of contribution are you willing to provide (tick all that apply)?

It is difficult to provide an estimate of how much time different contributions will require and we are happy to discuss with you ours and your expectations before you fully commit to contribute. Answering this question does not bind you to contribute, you can always decide to change your mind. To help you decide, know that we are committed to recognise the help you give us. You can revise the contributor guidelines and authorship attribution rules on our website (https://open-phytoliths.github.io/FAIR-phytoliths/CONTRIBUTING.html).

1. Basic: I am happy to send you some/all of my datasets for FAIR assessment ☐

2. Medium: I am happy to help you disseminate the initiative ☐

3. Medium-high: I am willing to help with maintai the website and or help with training such as workshops about FAIR data and other open science practices ☐

4. High: I want to be part of the core team! ☐

5. I would like to participate as much as I can, but only after the summer ☐

6. Varying degrees of all these options ☐

7. I would be excited to be part of the core team (I esp. like the JEDI aspect),

but I probably can't commit a lot of time. So maybe something in between... ☐

8. Unsure, early day for my datasets/no published material yet ☐

What would be your preferred method to be kept informed on phytolith open data (news, results, campaigns, etc.)? Please, choose up to 3 and if you want you will be able to give us your users in the last section of the survey.

1. Email ☐
2. Twitter ☐
3. Facebook ☐
4. Slack ☐
5. Instagram ☐
6. Tiktok ☐

Please give us your thought about this project, why you want to be involved and/or just general feedback.
